

I'm am a financial supporter of K-LOVE - I am sick at the thought of K-LOVE being "forced" off the air. I depend on K-LOVE for my daily uplifting words of God, for God, from God. There are days that K-LOVE seems to be just for me, a message that I need to hear. Government is taking God out of our daily lives, bit by bit, piece by piece. That is what's wrong with today's society, it's okay to play that "secular" music with the foul language. But to say "One Nation Under God" is against the law.

I, of my own free will, chose to listen to K-LOVE, from the time I get up in the morning until I go to bed at night. I encourage you to re-think your idea of removing the FM stations.

Thank you for taking the time to read this message, God Bless you.
